Showing Property During COVID-19

Windermere Powerhouse Group guidelines for showing property:

- Only tour the property if you and your clients feel healthy.
- If possible, make an appointment to show the home.
- Check Document tab in listing information for showing instructions or any additional requirements the Seller may have.
- Drive separately from your clients.
- Assume everything is dirty and hasn't been sanitized in the home.
- Bring your own hand sanitizer and use it before and after you tour the home.
- Bring your own sanitized wipes.
- If you have disposable gloves consider using them.
- Maintain physical distancing keep 6 ft distance from your clients or other people that may show up at the home.
- Reduce the amount of time spent in the same room as others.
- In the home minimize contact and avoid touching surfaces like banisters, handles, or other commonly touched features in the home.
- Wipe down any surfaces you have touched following your showing, including the house key and lockbox.
- Wash your hands after you visit the home as soon as possible.
- Always practice safe distancing and safe practices.
